

Dear York Manor Swim Club,

We are excited to announce that we will be opening membership for 2021 to both Residents and Associates on February 15th. We understand there may be questions regarding this season's operations. Due to the ongoing pandemic, many decisions cannot be made until closer to opening on May 29, 2021. The Board of Trustees will be closely monitoring local, state and CDC recommendations and guidelines in order to make decisions on capacity, reservations systems, guests, social events/parties and swim team. We plan for both pools to be operational for the full season from May 29, 2021 through September 6, 2021. We do not anticipate stricter capacity restrictions and regulations than 2020 and hope for more leniency in these areas. We do anticipate utilizing a reservation system to help ensure fair opportunities for all members to attend the pool. Similarly, as last year each family must weigh the risk vs. reward to joining the pool. However, as a business YMSC must move forward with the membership process and will close membership as we reach membership capacity or on May 25, 2021 whichever occurs first. New to the application this year, you will be able to register and pay for your babysitters and will be asked to sign the Covid waiver. If you have any questions or concerns, please email us at yorkmanor2010@gmail.com.

Thank you,

YMSC Board of Trustees
